 Summer Worship: 9:30 a.m.

Education

Fisher Public School offers fine educational opportunities for students, grades K-12 and is proud of it's academic and extra-curricular activities. The school has an excellent team of teachers, administrators, and operating staff.

Fisher High School and Climax High School cooperate in fielding competitive football, volleyball, track, and boy's and girl's basketball teams. They are known as the "Knights" and the cooperative effort has been mutually beneficial.

The music and drama departments are outstanding and students also participate in extra-curricular activities such as the Knowledge Bowl, area spelling contests, and science programs.

You are invited to tour the school and see the excellent facilities.

A and A **Resume**

The Global Leader in Resume Development
Clientele from every continent on earth

A professional resume crafted by the experts at A and A Resume can be the best investment you will ever make!

Why?

Each time you submit your resume to an employer, it will be carefully scrutinized against tens, if not hundreds, of other applicants. Any flaw, inconsistency or slight imperfection will be grounds for exclusion. After all, the employer has to narrow the field of applicants to a more manageable number.

Imagine yourself as the employer - 200 resumes from 200 qualified applicants. Now what? Obviously you do not have the time or resources to call in 200 people for an interview. A resume is a textual representation of the applicant. That's why you cull the applicant list by closely examining each resume. This begs the question - Is your resume as good or better than the other 199? Unfortunately, this is why many highly qualified individuals find themselves unemployed, underemployed, or in a dead-end job with no opportunities for advancement.

The professionals at A and A Resume have **more than 50 years of resume and cover letter writing experience** with thousands of satisfied customers from every continent on earth. As the largest resume writing service on the Internet, they are expert at crafting a resume that will unleash your potential and keep your resume on the employer's desk, not in their wastebasket!

Company profile

What is a resume or CV?

Why do I need a cover letter?

Some resume services charge \$500 or more for a resume. A and A Resume provides a professionally crafted resume for Friday's special price of only \$99 with more free extras than any of the more expensive companies.

Satisfaction Guarantee!

If you are not employed within 30 days, contact us and we will gladly rewrite, reformat or make any changes necessary to improve your results.

After 272 weeks, there have been no requests for a revision!

*Purchase of resume and \$25 cover letter package required.

Whether you're new to the job market, a recent college graduate, unemployed, or presently employed and seeking to advance your career, it is vitally important to give that professional appearance to your cover letter and resume.

Why?

One reason is there is no such thing as a standard resume format. A quality resume will fit the person's talents like a well-tailored suit. Your job skills and employment background will determine which format we use.

Another reason to have your resume professionally prepared is that *the "look"* of your resume is the **first image** of you the employer sees. **Don't let it be the last!** An A and A resume will stand out above the rest because we know that **Every single word** on your resume is important.

We will take the information you send us and use that as a base to build your new resume. Then we will use words, phrases and syntax to mold and shape your new resume into a format which will highlight your strengths and get you an interview with your future employer. We do not use resume templates - each resume is individually crafted with more than 50 years of resume writing experience going into each and every resume.
Sample resumes

Customer Satisfaction is Paramount

Other resume writing services may have customer testimonials, but you have no way to validate the truthfulness of their claims. As the most experienced and committed resume writing service on the Internet, no other company allows their clientele to independently rate and comment on the received service. Complete customer service and satisfaction is not only our goal, it's our philosophy.

Unlike other resume services who hire independent and often inexperienced writers, then subcontract the work to them for a small percentage of the purchase price, we are a highly motivated and dedicated team of professionals whose passion is writing and purpose is to create documents that bring results to the client. This philosophy has served us well in our 50+ years of service to the global community.

We invite you to click on the ePublicEye banner and read the 824 stellar reviews as of August 13, 2004

Mention the word investment and stocks, bonds, etc. come to mind. But an investment in an A and A resume can give you a return of thousands of dollars per year in increased salary. Then multiply those thousands by the number of years you will work before retiring. What other \$125 investment can do that! Many people believe a resume is a resume is a resume. They're wrong - a resume from A and A Resume will get you hired!

Price & Service Guide

In celebration of 9 years on the Internet

Friday Special: Either resume for only \$99

Secure online payment via personal check or MasterCard, Visa and Discover credit cards

Technical Exhibit

TECHNICAL EXHIBIT

PETITION FOR RULE MAKING
TO AMEND THE FM TABLE OF ALLOTMENTS

THIEF RIVER FALLS, MINNESOTA
FISHER, MINNESOTA

Technical Narrative

This technical narrative and accompanying Figures have been prepared on behalf of station KSNR(FM), Thief River Falls, Minnesota, in support of a Petition for Rule Making to amend 47 C.F.R. Section 73.202(b) to reallocate channel 262C1 at Thief River Falls, Minnesota to channel 262C1 at Fisher, Minnesota, and to modify the license of KSNR(FM) to specify operations on channel 262C1 at Fisher, Minnesota.

As the requested change is mutually exclusive with the channel's current allotment, Petitioner invokes the provisions of 47 C.F.R. Section 1.420(i).

The following is a summary of the merits of this reallocation proposal:

- The community of Fisher, Minnesota (2000 Census population 219 persons) will be provided with its first local aural transmission service.
- The community of Thief River Falls, Minnesota (2000 Census population 8,410 persons) will continue to have local aural service from radio stations KKAQ(AM), KKDQ(FM), KNTN(FM), KQMN(FM), KSRQ(FM) and KTRF(AM).
- The proposed channel 262C1 allotment site at Fisher, Minnesota satisfies the Commission's allocations spacing rules.¹

¹ The proposed allotment reference coordinates are 47° 58' 38" North, 96° 36' 42" West, the same coordinates as the currently licensed site. See this Exhibit under the heading "Compliance With FCC Rules" for details on allocations considerations with respect to this site. Also see Figure 1 accompanying this Exhibit for the allocations spacing study.

- No site change is necessary to provide 70 dBu service to all of Fisher, Minnesota. Therefore, there is no 60 dBu gain or loss area associated with this proposal².

Table of Figures Accompanying this Exhibit

Figure 1	KSNR(FM) Channel 262C1 Allocations Spacing Study
Figure 2	KSNR(FM) Channel 262C1 60 dBu Service, Present and Proposed
Figure 3	KSNR(FM) 262C1 70 dBu Service to Fisher, MN

² See Figure 2.

Channel 262C1, Thief River Falls, Minnesota and Fisher, Minnesota

Proposed Change in the FM Table of Allotments

Thief River Falls, Minnesota is located in Pennington County, Minnesota, and has a 2000 U.S. Census population of 8,410 persons. Under this proposal, Thief River Falls will continue to receive local aural radio service from KKAQ(AM), KKDQ(FM), KNTN(FM), KQMN(FM), KSRQ(FM) and KTRF(AM).

Fisher, Minnesota is located in Polk County, Minnesota, and has a 2000 U.S. Census population of 219 persons. Fisher has no local FM or AM aural broadcast service and, therefore, Petitioner's proposal would bring a first local aural broadcast service to Fisher.

Accordingly, Petitioner requests modification of the FM allocation table as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Thief River Falls,	257C3, 262C1,	257C3, 274C1
MN	274C1	
Fisher, MN	-	262C1

Compliance With FCC Rules

The attached *Figure 1* is a tabulation of required separations pertinent to use of channel 262C1 at Fisher, Minnesota. The allotment reference site complies with the Commission's minimum distance separations contained in Section 73.207 of the FCC's rules to all existing, authorized and proposed stations and allotments, except for the existing channel 262C1 allotment at Thief River Falls, Minnesota, for which this proposal is a mutually exclusive substitute.

Operation from the channel 262C1 reference site will provide the requisite city grade (70 dBu) signal to all of Fisher.³ *Figure 3* is a map which was developed using the 2000 U.S. Census Topologically Integrated Geographic Encoding and Referencing (TIGER) Line files which depicts the city grade coverage (70 dBu) contours based on class C1

³ SEE *Figure 3* herein.

Channel 262C1, Thief River Falls, Minnesota and Fisher, Minnesota

facilities (ERP 100 kW/HAAT 299 meters) at the proposed allotment site. As shown, all (100%) of Fisher is located within the 70 dBu City Grade contour. Fisher is located 25 kilometers from the proposed KSNR channel 262C1 allotment site.

Urbanized Area Considerations

The KSNR(FM) 262C1 70 dBu contour currently encompasses 100% of the Grand Forks Urbanized Area, and will continue to do so under this proposal⁴.

60 dBu Gain and Loss Areas

As no change in site coordinates is proposed herein, there is no 60 dBu Gain or Loss Area associated with this proposal.

Coverage Contours

The FM predicted coverage contours were calculated in accordance with the provisions of 47 C.F.R. Section 73.313, except that, in accordance with current FCC practice, uniform terrain was assumed in all directions.

Population and Area

The population within the FM primary service contour (1 mV/m) was calculated using a computer program that utilizes the 2000 U.S. Census database of "population centroids". The program adds the populations of those U.S. Census designated areas whose centroid lies within each service area.

Conclusion

Channel 262C1 can be reallocated from Thief River Falls, Minnesota to channel 262C1 at Fisher, Minnesota, in compliance with all applicable Commission rules. The community of Fisher, Minnesota would be provided with a

⁴ SEE Figure 3.

Channel 262C1, Thief River Falls, Minnesota and Fisher, Minnesota

first local aural transmission service, and the community of Thief River Falls, Minnesota will continue to have local aural service. No service will be lost in any underserved area⁵ and no new underserved areas will be created as a result of this proposal. Therefore, Petitioner requests the reallocation of channel 262C1 from Thief River Falls, Minnesota to Fisher, Minnesota, and the modification of the license of KSNR(FM) to specify operations on channel 262C1 at Fisher, Minnesota be granted.

Respectfully submitted,

Stephen G. Davis
Senior Vice President
Citicasters Licenses, L.P.

2625 South Memorial Drive, Suite A
Tulsa, Oklahoma 74129
(918) 664-4581

August 12, 2004

⁵ Defined as an area receiving service from less than five aural broadcast services. There is no 60 dBu loss area associated with this proposal.
